20.	Thiruvananthapuram	Kerala
21.	Vizag	Andhra Pradesh

Relocation of Software Business Towards China

2042. SHRI R. P. GOENKA: Will the Minister of INFORMATION TECHNOLOGY be pleased to state:

(a) whether Government's attention has been drawn to a study conducted by the Manufacturers Association for Information Technology (MAIT) highlighting that India is losing its first mover advantage in information technology and software as compared to China as indicated by various parameters like international band width size, number of internet users, PCs per thousand population, telcdensity, hardware exports etc.;

(b) if so, Government's reaction thereto;

(c) whether it is also a fact that some Indian software companies have begun to opt for relocating their development of software business to China; and

(d) if so, the present status of such proposals, if any?

THE MINISTER OF INFORMATION TECHNOLOGY (SHRI PRAMOD MAHAJAN): (a) and (b) Yes, Sir. The report of the study Presents salient features of China's efforts in the field of Information Technology, specifically in Hardware Manufacturing, building up a strong Telecom Infrastructure. It also provides comparative data about India, China and other Asian countries.

(c) Indian IT software and service companies are looking at China as a possible market destination and some companies have started setting up operations in the areas of IT education.

(d) It is understood that some Indian IT software and service
